Dedication

We, the Seniors of 1946-47, dedicate this year's annual to our class advisors, Mrs. Bourne and Mr. Schmidt. We sincerely hope that this dedication will help show our appreciation for the excellent help and advice they gave us.

Principal's Message

D. E. Bourne

Mr. Donald E. Bourne, our very capable and understanding principal, has been with us for twenty-three years and has become extremely popular and completely indispensible in his years of being principal of the Dos Palos High School.

It has been through his friendliness and willingness to help us with our problems and difficulties that have made him so popular with the students and faculty alike.

We cannot let this annual be published without mentioning our custodians. They are Al White, head custodian, with Gaylord Blevins and Walt Lake, assistant janitors. Fay Ware, Bill Jones, Bill Boswell and Bill Gillian are helpers. They get to school early, turn the heaters on, and have things warm by the time we get here. They keep our classrooms neat and clean. Kay Atkins keeps our buses in good running order so that we can get to and from school every day.

Junior Class

Hello, Everybody:

We are the class of 1948, and we'd like to tell you a little bit about us.

To add to our growing list of firsts, we sponsored the first Football Queen Contest, we are the first junior class to have such a large treasury, and one of our noon dances was the largest ever given.

Our other activities included a football rally, two other noon dances, an after-game dance, a "Spring Fever" dance, and of course, our gala prom given for the seniors, which was the best event of the season.

The Ways and Means Committee did a fine job this year and we wish to thank them.

Most of our success is due to the patience and foresight of our wonderful advisors, Bernice Meng and "Boss" Jacobsen.

'Bye for now; we'll be seeing you next year when we'll be high and mighty seniors.

The Junior Class

This year our officers were:

President	Dick Eggleston
Vice-President	Vivian Davenport
Secretary-Treasurer	Elma Hatcher
Class Representatives	Virgie Rocha, Neil Nordstrom

Sophomore Class

During the past year the Sophomore class, or the "49'ers" as they prefer to be called, have had a lot of fun doing things for themselves, as well as giving some entertaining dances and a "lay 'em in aisles" rally. The rally followed the theme of the "49'ers" night spot in the gold rush days. There was also some hidden talent discovered in the rally.

The Future Farmers of America is one of the most outstanding organizations in school. It is composed of boys taking Vocational Agriculture and is under the direction of Mr. K. H. Easter, with Mr. L. Tocher an honorary adviser.

The Future Farmers sponsored not only the biggest dance of the year, but also the horse show and stock show, as well as many other activities.

In the past year the local chapter sponsored a Magician's Show and a concert by the Orchestra and Glee Club from California Polytechnic College.

The officers of the Future Farmers are as follows:

President	Frank Vincent
Vice-President	Howard Ricks
Secretary	Bill Jones
Treasurer	Bruce Sargent
Reporter	Junior Coffman
Sentinel	Clarence Pimentel

This organization is doing its best to give the boys advanced training in agriculture work and community leadership.

T and T Club

The Talk and Take Club, more commonly known as the T and T Club, is an organization for shorthand students with at least a "C" average.

Some of the activities for the past year have been a dinner at Chrisman's in Fresno, a Christmas party for the members and guests, which included the faculty, on December 21, noon dances, the annual Rose Ball which this year was a St. Patrick's Day dance on March 14, a Mother and Daughter Banquet in the spring, and a banquet for the graduating members at the end of the year.

The club colors are rose and silver, and the club flower is the rose.

Advisors for the club are Miss Bernice Meng and Mrs. Dorcas Van Atta.

Honor Scholarship is composed of students who receive marks not lower than B on semester grades. They are awarded the coveted small gold pins which signify the society.

This society was organized in 1932 by Mr. Joseph Silver, better known as "PROF."

The group had many activities which included dances, selling refreshments at football games, and last but not least, the annual banquet and spring picnic.

Librarians

The library has been a very helpful part of D. P. H. S. this year. It has assisted the students with books for class work, as well as for reading pleasure.

The library is being built up constantly. At the beginning of the school year there were only about 250 books, whereas at the present there are about 400 on the shelves and in circulation.

The duties of the librarians are to check magazines in and out, to keep magazines repaired, to check the books in and out, to replace books on the shelves, and to collect fines.

Mrs. Burgess, who is head librarian, has done a very good job helping the students find the kind of books that they like.

The International Relations Club

The International Relations Club was organized the third semester by Mrs. Covelli and Mr. Schmidt. To have a better understanding of and better relations with foreign countries is the purpose of the club.

The members made several trips to hear lectures by various speakers on international affairs.

A pin was designed for the members. The design is a handclasp with a guard to the initials I. R. C. It is a symbol of friendliness with other countries.

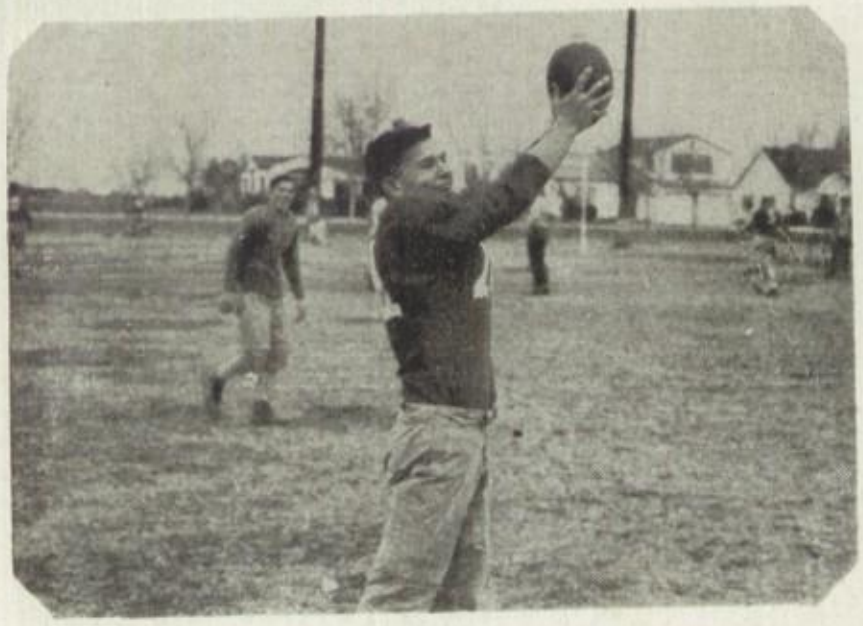
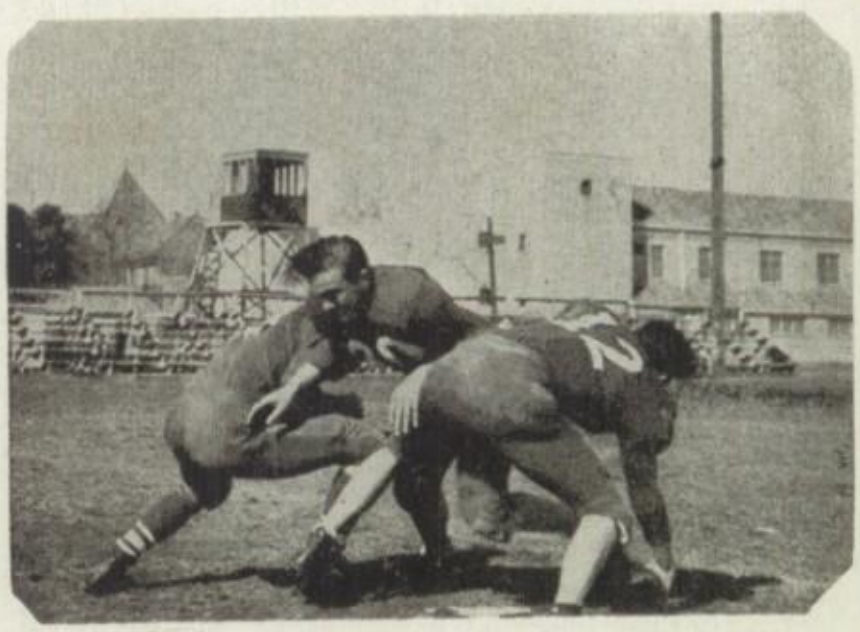
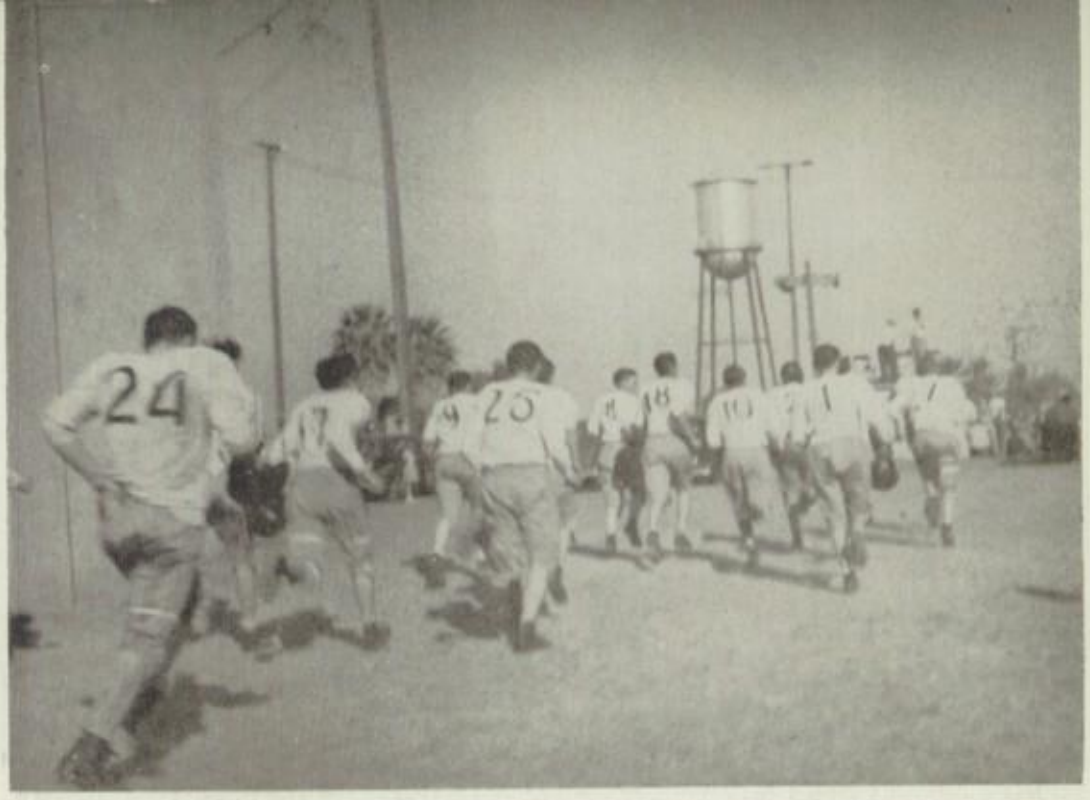
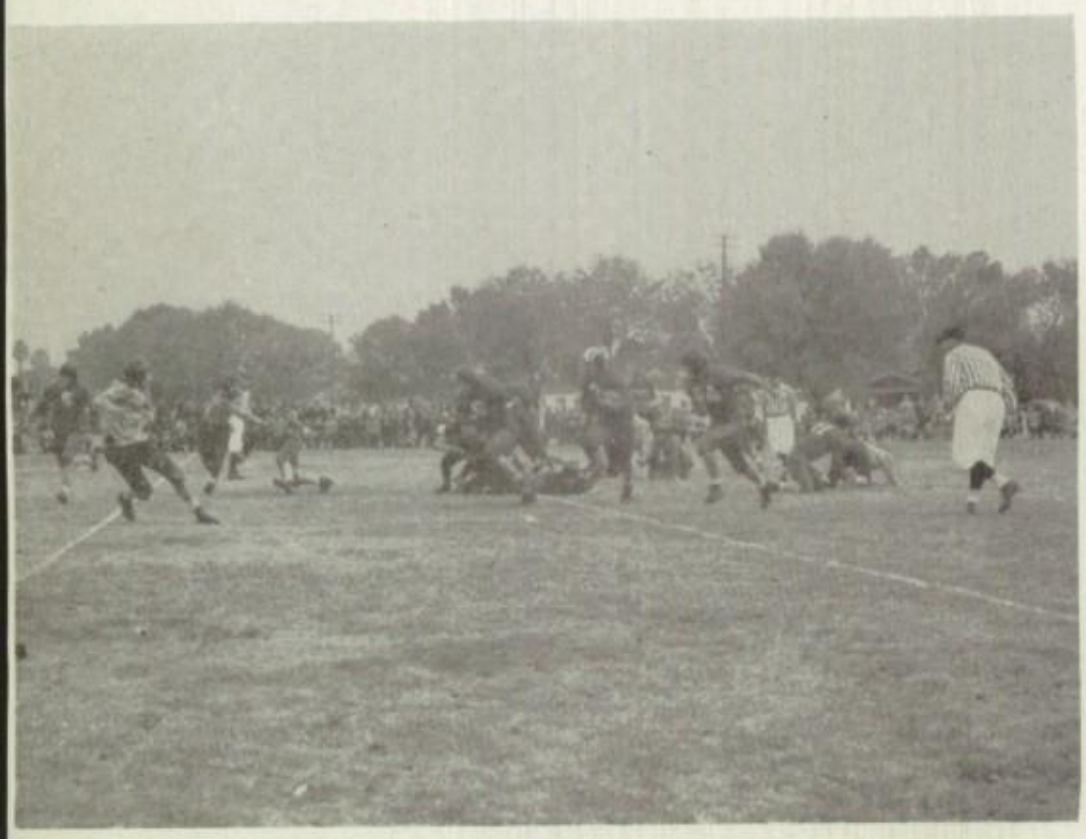
ATHLETICS









Varsity Football

This year Coach Malcolm "Ike" Frankian put out his most successful football team in his career as a coach at the Dos Palos High School. The team won every game played this year. Out of the nine teams played, only two of them scored any points on the Broncs. The team was starred by the fast, hard-hitting halfback, Bill Sparks, and fullback Bob Lawson who tore the opposing line to shreds. The first string players were: Joe Antonetti, L. E.; Dick Batten, L. T.; Sidney Hardy, L. G.; Willard Sullivan, C; Bill Cantrell, R. G.; Pete Bucher, R. T.; John Dennis, R. E.; Bill Sparks, L. H.; Louie Maumoynier, Q. B.; Odell Lingerfelt, R. H.; Bob Lawson, F. B.

There were 17 substitutes and all received their blocks and Gold Footballs.

Lightweight Football Team

The Ponies, though they only played three games, two with Los Banos and one with Coalinga, really showed class, and it looks as if Dos Palos will really have some "hot" teams in the future.

The first team for the Ponies are Herbert Kawashima, L. H.; S. T. Buie, F. B.; Ronald Nordstrom, Q. B.; Grover Zuspan, R. H.; Cleophus Peterson, R. E.; Carl Davis, R. T.; Dick Howard, R. G.; Dick Fortune, C.; Dick Eggleston, L. G.; Walter Moore, L. T.; and Dick Hobbs, L. E.

Substitutes—Kenneth Howard, L. G.; George Malm, R. H.; Clifford Clark, Q. B.; Willie Silva, F. B.; Willie Fisk, Q. B.; Bruno Balderrama, R. G.; Kenneth Hotz, R. H.; Dean Barrett, C.; Jack Howard, R. G.; Tony Vincent, R. H.; Keith Jones, R. E.; Mike Linneman, L. T.; Ed Geiss, L. T.; Leon Triplett, R. T.

Grover Zuspan ..... Forwards
A. G. Monreal

The following were substitutes:

"C" Basketball

The "C" Team this year was composed of freshmen; they were exceptionally good but for the lack of experience.

Class History

FRESHMAN

It was 1943, the prime of World War II, when we, the class of '47, entered the good 'ole Alma Mater of D. P. H. S. as little, young, scared-to-death and very green frosh. That year was filled with a great many little surprises which included "Hey, Freshie" from all the upperclassmen and also the grave responsibility of presenting a rally and night dance to a critical bunch of uppers. The dance was a successful one; the Hawaiian theme was carried out very cleverly, and everyone wore leis. The annual FFA Barn Dance candidate (our first) was Lura Flock, who put up some swell competition but didn't quite make it. Advisors for that year were Coach "Ike" Frankian and Miss Boyd, who guided us through thick and thin and did much to encourage us. Thus our Freshman year was over.

SOPHOMORE

One step higher and not so green, but just a little wobbly at the knees, the class was eager to push ahead. This year the class elected a new advisor, Miss Rhoda, along with Coach Frankian. A Sophomore Rabbit Hop was held in the spring—lots'n lots of fun. (Real live rabbits were given as prizes.) A rally this year was a little easier to present and had improved since the last year. About this time, the class became Prom conscious as it grew nearer to the end of the year. So a turkey raffle was sponsored, with all the funds going toward the prom which we were to give as tradition to the Seniors the next year. School was out—and an eager group was ready to go back in the fall as juniors and upperclassmen.

JUNIORS

Ahem!!—We were **now** upperclassmen—no more getting pushed around for us—we chose a motto, flower, color, and held the first "Back to School Dance" of the year. This year Mrs. Bourne was elected as class advisor. Our ability for presenting a rally improved with years and went over with a bang—If you saw David Mumby, Bobby John, and Bill Cantrell giving with that old hula swing and how the student body roared, you need no other proof that the rally was a "sna-zee." Betty Hoffmayr, our F. F. A. Queen candidate, came in a very close second at the annual Barn Dance. The highest point of the year was the Junior-Senior Prom with its "Pot of gold at the end of the Rainbow" theme. This prom was considered one of the best and finest ever given to a senior class in the history of D. P. H. S. The seniors had a swell time, and we were eager for next year when we too could be honored guests at the prom. The year was then over and —Oh! Boy! only one more year.

SENIORS

At last—At last we led the parade. We were **now** big shots, the high and mighty seniors of '47.

We started the year off by supporting our Penny Queen Candidate, Lura Flock, to the utmost. Lura was crowned "FOOTBALL QUEEN OF 1946" by the captain of the varsity football team. Honors for Lura and for the Senior Class. An after game dance was held, and we presented the first rally of the season.

And get this—we were the first class in the school history to have two Senior Ditch Days. (Circumstances of WHY needn't be explained.) This year our faithful advisors were Mrs. Bourne and Mr. Schmidt, who really guided us, and we had a swell time with them. This year we felt a self-confidence we had never before felt; we were seniors and ready to go on our own. The Juniors presented us with a wonderful prom which we all enjoyed enormously. After the usual graduation ceremonies, we the class of '47, with the knowledge we have accepted throughout our high school days, shall move on to greater heights in a world of peace.

THE END

Senior Class Prophecy

Time has surely flown. Here it is 1957 already. We decided to take a trip around the world after meeting accidentally in Radio City, New York. While we were there, we found Lola Dami the featured pianist with the "Hour of Charm" program. We also met Betty Lou George, who had replaced Evelyn and her magic violin.

We took off via American Air Lines the next morning for Chicago. After we left the airport in Chicago, we decided to take a stroll down Michigan Boulevard. Suddenly we were pulled into a building and were told that we were in the midst of a gang fight between Junior Coffman and Joe Balderas. After recovering from the shock, we headed for the nearest cocktail lounge. While having a cocktail, we happened to glance down the bar and see J. D. Bennett guzzling beer! We later found out that he owned the place. The bartender was our old friend Chester Billups.

We decided to spend the night at the Stevens Hotel. When we registered, we found the clerk was none other than our old school chum, Jack Audas. The bellboy then took us to our suite. At first we did not recognize that he was Bobbie John. We rang for tea, and the maid who brought it turned out to be Mavis Blasingame. She had just arrived from Firebaugh. After a few minutes we heard a knock at the door and opened it to find Perry Luallin, who was hunting for Bill Goforth, the famed automobile manufacturer. Perry had wrecked his taxicab and was hunting Bill to get a replacement.

The next day we went to the motorcycle races. Owen Atkins was star racer, and Howard Ricks came in second.

That night we went dancing. Dave Mumby was featured with his drums, and Lura Flock was featured soloist. Also part of the entertainment were Ruby Hornbeak and Eula D. singing torch songs.

Next morning we left via Constellation for Los Angeles. At the airport in Burbank we met Richard Maron, who was preparing to test his new rocket. He had just finished building it, and he asked us if we would like to accompany him on the initial flight. Frankie Vincent was to pilot the ship. As we flew around the moon, we saw Bill and Barbara. Bill had given her the moon. We also saw Stewart Fountain, who was a general in the Moon Corps. Fred Bartlett was serving under him there. Ed Geis was in the guardhouse for trying to capture a star. Richard decided that the rocket had been out long enough, so we zipped back to Lockheed Field.

Hearing that there was a "super" game in the Los Angeles Coliseum, we rushed over. Playing football there on the West Point team were Odell Lingerfelt, Williard Sullivan, Joe Antonetti, Bill Cantrell, and Johny Dennis.

The next morning we left by Pan-American Clipper for Hawaii. Flying low over Dos Palos, we noticed Elzie Zeestraten teaching chemistry in Dog Patch. We passed by too quickly to see what had happened to Prof.

Arriving in Honolulu that evening, we decided to visit the famous Flamingo Club. Betty Sousa was in the floor show; her specialty was hula dancing. At a table near ours, we noticed Pearl Buie with a very attractive man. Of course we dashed over to chat, and she informed us that she was his secretary.

On our way to our hotel, we noticed two men painting by lamplight. They were Andy Carey and Stanley Lopez, painting flies on a billboard.

The next morning we went to the office of "Hawaiian Pineapples"; we thought we would take some pineapples with us when we left. In the

office we found the secretary, who we discovered was Jerri Andrews, and her assistant, Imogene Donaldson. They asked us to wait for the owners, who were Harry Hanson and Bill Jones. They told us we would have to go to the plantation for the pineapples. When we arrived there, they introduced us to the foremen, Dan Test and Bruce Sargent. We found Vernon Houk relaxing on the veranda of the ranch house, eating pineapples.

The next day we left for Japan. There we met General Bob Burkhart, who was commanding the Allied Armed Forces. Rod Gourley was Ambassador to Japan from the United States.

Next, a brief stop in Burma. In Rangoon we ran into Markeith Harris and Doug Warnock, who were outfitting a safari to go into the hill country for big game.

Next we headed for Paris. We flew over a sheep ranch in southern France and saw Freda Haile and her French husband. We flew low and waved to them, but since they were speaking in French, we couldn't make out what they were saying.

In Paris we visited the fashionable shops to pick up a "dud or two". We were surprised to find that Betty Hoffmayr had set up a dress-designing establishment, located between those of Schiaparelli and Alix. She was out-selling them both.

We also met Vetrus Boyer, nee Boydstun, with her husband, on their second honeymoon.

Before leaving Paris, we met Louie Maumoynier, in a night club in Montmartre. He had given up his "bashful" title for "man about town."

Then we left for London. The stewardess on our plane handed us a newspaper, from which we learned that Joanne Cantrell had just swum the English Channel.

In London we attended a girls' baseball game. It seems Mary Martin had become a feminine Babe Ruth; she was attempting to introduce the sport to English girls. Mary Vincent led the band onto the field during the game. Bernice Fonseca was water girl for the Bronquettes. We also noticed Gerald Greenfield in the grandstand eating sunflower seeds.

By now it was time to catch our plane for New York. After brief stops in Ireland and Newfoundland, we arrived at La Guardia Field—three tired people, Geri McCracken, a news commentator gathering material for a new book, Betty Ricci, who had flown to Europe to join the "Shaggs" for a reunion, and Mae Puccinelli, who just went along for the ride.

When we checked in at the Waldorf, we found a message from Jim Reynolds, now Secretary of Interior, inviting us down to Washington to attend a special session of Congress.

SHE'S A SMOOTH NUMBER

....ARE YOU?

High on anyone's list of favorite people are the fellows and girls who believe in playing fair with their friends and neighbors. These telephone-wise teensters know it's a smart move to give their party line neighbors a square shake . . . and use only their fair share of telephone time. Yes, these party line pals are smooth numbers all right . . . are you?

A Definition

The power to choose the work I do,
To grow and have a larger view,
To know, and feel that I am free,
To stand erect, not bow the knee.
To be no chattel of the State,
To be the master of my fate,
To dare, to risk, to lose, to win
To make my own career begin.
To serve the world in my own way,
To gain in wisdom, day by day.
With hope and zest to climb, to rise
I call that Private Enterprise.
